

## **MINUTES**

### **February 27, 2007**

The State Board of Registration for Professional Engineers and Land Surveyors met on February 27, 2007, in Conference Room 102 at the office of the Professional Licensing Boards, 237 Coliseum Drive, Macon, Georgia 31217.

#### **BOARD MEMBERS PRESENT:**

Doris I. Willmer, PE, Chairperson  
Elmo A. Richardson, Jr., PE/LS, Vice-Chairman  
E. Charles Vickery, PE  
James W. Butler, LS  
Mark E. Chastain, LS  
William W. Dean, PE  
Stephen R. Richards, PE  
Guy F. Ritter, PE  
E. Scott Evans, Public Member

#### **BOARD MEMBERS ABSENT:**

none

#### **STAFF PRESENT:**

J. Darren Mickler – Board Executive Director  
Julie Busbee – Application Specialist/Board Secretary  
Vivian Stephens – Application Specialist  
Sharon Harrison – Investigative Assistant

#### **ATTORNEY GENERAL REPRESENTATIVE:**

Not present

#### **GUESTS PRESENT:**

Jason Lawson  
Jay Lawson  
Timothy Bolton  
Roland Hennis

#### **Call to order:**

At 9:30 am, Chairperson Willmer called the meeting to order and asked for any additions or deletions to the proposed agenda. Mr. Richardson moved to adopt the agenda as presented. Mr. Vickery seconded. Motion carried.

### **Approval of Minutes:**

Chairperson Willmer presented a draft of the January 23, 2007 minutes and asked for any additions or deletions. Mr. Richardson moved to adopt the minutes as presented. Mr. Ritter seconded. Motion carried.

### **Professional Societies and Guests:**

Ms. Willmer recognized the guests present: Jay Lawson from Swainsboro, GA and Jason Lawson from Athens, GA.

### **Executive Director's Report:**

Mr. Mickler announced that NCEES is celebrating their 100<sup>th</sup> year as Wyoming began licensing professional engineers in 1907. Georgia is celebrating its 70<sup>th</sup> year this year. Mr. Mickler said that he has requested a proclamation from the Governor to present at the June meeting.

Mr. Jason Lawson requested to waive the exam deadline and allow his application to be reviewed for the Professional Engineer exam in April. Mr. Dean moved to deny waiving the deadline. Mr. Chastain seconded. Motion carried.

Mr. Mickler reported that there are currently 192 open complaint cases, broken down by fiscal year as follows:

4 from 1998  
1 from 1999  
0 from 2000  
7 from 2001  
11 from 2002  
14 from 2003  
26 from 2004  
31 from 2005  
58 from 2006  
40 from 2007

### **Old Business:**

#### **Task Force Reports:**

No report.

#### **LS Minimum Technical Standards:**

Mr. Chastain discussed revisions to the Land Surveyors Minimum Technical Standards. Mr. Chastain has met with Mr. Butler, Robert Armstrong and Lonnie Sears from Surveying

and Mapping Society of Georgia (SAMSOG) to discuss revisions to the Board Rule regarding Minimum Technical Standards. He reported that most of the discussion centered on mapping standards and the Plat Act, and capping monuments. Mr. Chastain stated that he felt that capping monuments could not be enforced and recommends it not be made part of the standards. The entire Board discussed the use of caps and the final consensus was that caps were important and should be part of the revision. Mr. Richardson moved to proceed with a final draft to be forwarded for review to the entire Board two weeks prior to the April 10 meeting and be ready to present to post at that meeting. Mr. Chastain agreed that the proposed deadline could be met. Mr. Ritter seconded. Motion carried.

#### **New Business:**

##### **Foreign Education Provider Proposal – AICE:**

Mr. Mickler reported that the Board office has received a letter of request from AICE to be approved as a provider of foreign education evaluation. Mr. Dean will review the information as well as the other currently approved providers and will report back at the April meeting.

##### **Letter of Request to use “Engineering” in firm title:**

Mr. Mickler reported that the Board office has received a letter from Engineering Contractors, Inc. who is a general contractor firm specializing in construction. They were incorporated in 1999. They responded to a letter from the Board asking them to not use “engineering” in the title of their firm. They asked the Board to allow them to continue to use “engineering” in the title of their firm. Mr. Ritter moved to deny the use of the word “engineering” if they do not have registered engineers on staff and obtain a Certificate of Authorization. Mr. Richardson seconded. Mr. Vickery amended that they should comply within the next 90 days. Mr. Chastain seconded. Mr. Dean amended to change the word to “cease” instead of “deny.” Mr. Richards seconded. Motion carried.

##### **CE Approval for Land Surveyor Exam Workshop:**

Mr. Mickler reported that 22 land surveyors worked on the land surveyor exam. The exam section asked for 6 hours of credit to be given to the participants. Mr. Chastain referred to the Board Rule 180-11 that allows hour-for-hour credit. Mr. Dean moved to send the participants a letter of appreciation for participating in exam preparation. Mr. Chastain seconded. Motion carried with Mr. Ritter opposed.

##### **Letters of Request for Waiver of Late Renewal Fee:**

Mr. Mickler reported that the Board has received letters from several licensees asking for a waiver of the late fee for renewal. Mr. Dean moved to deny all of the requests. Mr. Richardson seconded. Motion carried.

## **NCEES President's and MBA Training Report:**

Ms. Willmer reported that Gene Dinkins is running for NCEES Vice-President. She supports Mr. Dinkins for this office and asked the Board if everyone else supports her voting for him at the annual meeting. The general consensus was that the Georgia Board supports Mr. Dinkins for this office. A final decision will be made at the Southern Zone Meeting.

Ms. Willmer has spoken to Eva Aden at CPEES and reports that they are doing a thorough job on foreign education evaluations and currently have a rapid turn-around.

Ms. Willmer reported that NCEES is supporting an outreach program for high school students who are participating in a PBS reality TV show called "Design Squad" emphasizing engineering design. The winners will receive monetary scholarships.

Ms. Willmer reported that issues discussed at the NCEES President's meeting were "design-build" and "off-shore engineering." She reported that other states suggested Ethics be part of the PDH requirements. Ms. Willmer also reported that next year there will be a PE discipline for Construction Management. She suggested that these would be good issues for the Coalition and asked for three Board members to volunteer to work with the Coalition to discuss these issues. Bill Dean volunteered to participate. Ms. Willmer will write a letter to the Coalition requesting their support in researching these issues to be reviewed at the next meeting.

Mr. Mickler reported the following issues were discussed in the Member Board Administrator meeting:

- NCEES is moving forward with a program for recognizing certain continuing education providers as viable.
- NCEES is continuing with the national registration system.
- There was an update on computer-based testing.
- Georgia Board was recognized for its actions regarding exam collusion analysis.
- Creative ways for using ELSSES.

## **Newsletter:**

Mr. Richards suggested that the Board write and distribute a newsletter to get information to licensees and other interested parties. He said that he prefers e-mailing the newsletter. Ms. Busbee reported that she has asked Information Technology about the ability for the Board to have a web sign-up to allow interested parties to obtain e-mailed updates. Mr. Chastain suggested that the newsletter also be distributed to the official magazine publications for both professions. No action was taken.

### **Executive Session:**

**At 11:00 am, Mr. Ritter moved for the Board to enter into Executive Session to deliberate on applications and enforcement matters and to receive information on complaints and investigative reports. Mr. Richardson seconded. Motion carried.**

**The following Board members were present during Executive Session – Chairperson Willmer, Mr. Chastain, Mr. Dean, Mr. Evans, Mr. Butler, Mr. Richards, Mr. Richardson, Mr. Vickery and Mr. Ritter.**

**Reconvened Open Session at 2:30 pm with the following Board members present – Chairperson Willmer, Mr. Chastain, Mr. Dean, Mr. Evans, Mr. Butler, Mr. Richards, Mr. Richardson, Mr. Vickery and Mr. Ritter.**

### **Investigations and Complaints:**

**PELS060066** – This complaint alleges unethical practice of a Professional Engineer signing and sealing a surveying plat. Mr. Chastain moved to issue a Voluntary Cease and Desist Order for practicing land surveying without a license and \$1000 penalty. Mr. Ritter seconded. Motion carried.

**PELS060059** – This complaint alleges unethical practice and conflict of interest of a Professional Engineer who is in the capacity of a City Engineer and in private practice representing a developer, both designing and inspecting the same project. Mr. Ritter moved to issue a Consent Order and \$500 penalty, twelve (12) months probation for engaging in conflicts of interest (Board Rule 180-6 - 05 (6) and (7)) and public reprimand. Mr. Vickery seconded. Motion carried.

**PELS070033** – This case alleges unlicensed practice of professional engineering. Mr. Dean moved to issue a Voluntary Cease and Desist Order and \$500 letter for no COA. Mr. Ritter seconded. Motion carried.

**PELS070022** – This case alleges substandard practice of a Professional Engineer. Mr. Dean moved to close the case with no violations. Mr. Vickery seconded. Motion carried.

**PELS070025** – This case alleges unlicensed practice of professional engineering. Mr. Dean moved to close the case with no violations. Mr. Vickery seconded. Motion carried.

**PELS070030** – This case alleges unlicensed practice of professional engineering. Mr. Dean moved to close the case with no violations. Mr. Vickery seconded. Motion carried.

**PELS070039** – This case alleges unlicensed practice of professional engineering by two firms (the case complainant and the case respondent.) Mr. Vickery moved to send a standard letter requesting both firms to obtain a Certificate of Authorization with \$500 penalty and close the case. Mr. Ritter seconded. Motion carried.

Mr. Richardson moved to accept recommendations about the following cases:

**PELS 9841** - Complainant alleges that Respondent, a licensed Surveyor, moved her property line to accommodate a 60' wide easement required by local ordinance. Mr. Chastain and Mr. Butler recommend closing the case with no violations found.

**PELS 9846** – This case alleges substandard practice of a Land Surveyor. Mr. Richardson recommends closing the case with no violations found.

**PELS 989900031** - Board has requested a Consent Order, 24 months probation and fine.

**PELS 989900062** - This complaint involved an unlicensed person performing Land Surveying. Mr. Richardson recommends to request investigations hand serve a Cease and Desist order.

**PELS 999000081** - This case involved a surveyor accused of Plat Act violations. Mr. Richardson recommended closing the case with no violations found.

**PELS01100073** - This case involved a complaint of an Architectural Firm providing Engineering services. Mr. Ritter recommended close with Letter of Concern to three people involved.

**PELS01100111** - This case involved the unlicensed practice of Land Surveying. The owner of the company died and work continued for a short time. The company could not be located and there have been no other complaints. Mr. Richardson recommends close case.

**PELS01100113** - This case involved a PE who produced a survey and who does not have a COA for his company. Mr. Richardson recommended a Cease&Desist for practicing Surveying without a license and send \$500.00 letter for no engineering Certificate of Authorization.

**PELS01200126** - This case involved a surveyor who was accused of stamping for unlicensed. The complainant appeared to be ex-spouse. A Cease & Desist was given to unlicensed. Mr. Chastain and Mr. Richardson recommend close with Letter of Concern to licensed.

**PELS01200080** - This case involved an engineer who was accused of incorrectly sizing pipes. A suit was filed and was settled out of court. Mr. Richardson and Mr. Ritter recommended closing with no action.

**PELS01200002** - This case involved an unlicensed person performing surveying. Mr. Richardson recommended a Cease & Desist.

**PELS02200090** - This case involved an unlicensed person practicing engineering from his home. Mr. Richardson recommends Cease & Desist.

**PELS020142** - Close case and add to new case.

**PELS020143** - This case involves an unlicensed person who used an engineer and surveyor for plan stamping. The respondent allegedly has an L.S. stamp in his possession. Mr. Richardson recommends to close this case, add to 2006 case, and have investigations hand deliver a Cease & Desist, request return of LS stamp and refer to District Attorney for prosecution.

**PELS020145** - This case involves aiding and abetting the unlicensed practice of surveying. Close this case, add to 2003 case and seek surrender of license.

**PELS020150** - This case involves a licensed surveyor who allegedly gave his stamp to the above unlicensed person for plan stamping. Close this case, add to 2006 case and seek revocation.

**PELS030003** - This case involved an unlicensed person who stole an engineers stamp and used it on 8-10 drawings. The case has been referred to local authorities and an indictment is pending. Request investigators serve a Cease and Desist order.

**PELS030007** - This case involved a Land Surveyor who was allegedly stamping documents prepared by someone who was not a fulltime employee. The case against the unlicensed was closed no action. Mr. Richardson recommended Letter of Concern for respondent.

**PELS030008** - This case involved two surveyors in a boundary dispute. Mr. Richardson recommended a letter of concern to the company for not addressing the concerns of the client.

**PELS030010** - This case involved a Land Surveyor stamping for multiple unlicensed people. This individual has previously signed a Consent Order. Request voluntary surrender, if no action, seek revocation.

**PELS030014** - This case came about because of a Yellow Pages add. The respondent has two companies in the same town. One company has Engineering and Surveying Certificates of Authorization and had them during the time of the complaint. The second company did not have a Certificate of Authorization during the time of the complaint, but got one shortly after the complaint was filed. Mr. Richardson recommended closing case.

**PELS030015** - This case involved a surveyor who copied parts of other surveyor's plats and sealed them as his own work. Mr. Richardson recommended referring the case to legal services for a Consent Order, 24 months probation and a \$1,000.00 fine.

**PELS030022** - This case involves allegations of substandard practice by a land surveyor. Mr. Richardson recommends closing case with no violations found.

**PELS030025** - This case involved a Surveyor who stamped plans for an unlicensed company. The company signed a Cease & Desist. Mr. Richardson recommended a Consent Order, 24 months probation and a \$500.00 fine.

**PELS030026** - This case involved a licensed surveyor who left an easement off a plat. Mr. Richardson recommended close with a Letter of Concern.

**PELS030036** - This case involved a boundary dispute between a licensed surveyor and a client. Mr. Richardson recommended closing with letter to complainant stating this is a boundary dispute.

**PELS040001** - This complaint involved a Broker of surveying services. A review of the website does not show that the company offers services in Georgia and does not list a Georgia surveyor on its list of associated licensees. Mr. Richardson recommended closing case with no violations found.

**PELS040003** - This complaint involved a company that received the standard letter from the Board saying that they might be practicing engineering without a Certificate of Authorization. The company responded with a letter from the President of the company stating that they were a coating company and did not do engineering. Mr. Richardson recommended closing the case with no violations found.

**PELS040007** - This case involved a company that sells construction products. They have a Certificate of Authorization for their Ohio office and Professional Engineers on staff in Georgia, but don't do engineering from that office. Mr. Richardson recommended closing the case with no violations found.

**PELS040011** - This case is in Legal. Administratively close this case and combine with newer one on the same respondent.

**PELS040015** - This case involved an unlicensed person who went to work for an engineering company and claimed he had graduated from Georgia Tech and was a Georgia EIT. Both of these proved to be false. Mr. Richardson recommended trying to serve the individual with a Cease & Desist if he can be found.

**PELS040018** - This case involved a PE/LS who labeled a 30' easement as a 60' easement on a plat. Per the county building official, the respondent has retired and moved from the area. Close with Letter of Concern if respondent can be found.

**PELS040027** - This case involved an unlicensed person working in an engineering office while the Engineer of Record was in another office. The unlicensed person used the Engineers stamp without his approval. The individual was indicted and convicted on fraud and embezzlement charges after a GBI investigation. He refused to sign a Cease & Desist saying the law had punished him enough. Mr. Richardson, Ms. Willmer and Mr. Ritter recommended closing and flag.

**PELS040029** - This case involved an engineer who was trying to get licensed by comity to open an engineering department in the existing offices of a fiber company. The applicant was denied licensure in what appears to be a mistaken review of application. Mr. Richardson recommended closing the case.

**PELS040033** - This case involved a company in Indiana who referred to themselves as engineers on their website while offering equipment loss assessment services, particularly under water. The respondent is a machinist and diver. The company has since deleted all references to engineering from their website. Mr. Richardson recommended closing the case.

**PELS040038** - This case involved a Professional Engineer who received comity from another state and did not list disciplinary action. The other state eventually revoked his license. The respondent's Georgia license is currently lapsed. Mr. Richardson recommends closing the case and flagging it should the respondent try to reinstate.

**PELS040041 and PELS050119** - These cases involved an engineering firm that offered surveying services on their website. The website clearly stated that the services were being performed by another company and named the company. Upon being contacted by the Board, the owner of the company immediately removed all references of surveying from his website. Mr. Richardson recommended closing the case.

**PELS040043** - This case was a boundary dispute and Mr. Richardson recommends closing.

**PELS040044** - This case involved a licensed surveyor who signed a consent order in 2001 and now has multiple open complaints. Close two early complaints and combine with new one.

**PELS040050** - This case involved a Low Voltage Utility fire and burglar alarm contractor who applied for PE licensure claiming experience from the subject company. Mr. Richardson recommended seeking a Cease & Desist from the PE applicant and requesting that the company change its name to comply with O.C.G.A. 43-15-31.

**PELS040051** - This case involved an engineering firm with no Certificate of Authorization. Mr. Richardson recommended sending the company the standard letter for practicing without a Certificate of Authorization and close case if company complies.

**PELS040052** - This case involved a Professional Engineer who was implicated in a plan stamping by an unlicensed individual who signed a Cease & Desist. Mr. Richardson recommended a Consent Order, 24 months probation and a \$500.00 fine.

**PELS040053** - This case involved another Professional Engineer who was implicated in the same plan stamping case by the unlicensed who signed a Cease & Desist. Mr. Richardson recommended a Consent Order, 24 months probation and a \$500.00 fine.

**PELS040054** - This case involved an unlicensed person who was involved with the previous two licensed individuals. There is no complaint of wrong doing or evidence of same. Mr. Richardson recommended closing case.

**PELS040056** - This case involved an unlicensed person who had a seal made and has been stamping reports with this seal. Mr. Richardson recommended the Board request Investigations hand deliver a Cease and Desist order, retrieve the fake seal, and refer the case to the District Attorney in this jurisdiction.

**PELS050065** - This case was a boundary dispute and Mr. Richardson recommends closing.

**PELS050059** - This case was filed against a surveyor and appeared to be a boundary dispute. The complaint was filed anonymously and did not meet the statutory requirements for filing a complaint. Mr. Richardson recommended closing the case.

**PELS050088** - This case involved a Professional Engineer who forgot to renew his license on time in New Jersey and was assessed a \$500.00 penalty. Mr. Richardson recommended closing the case.

**PELS050071** - This case involved a boundary dispute between a licensed surveyor and his uncle. The fight has apparently been going on for many years. Mr. Richardson recommended closing the case.

Mr. Ritter seconded. Motion carried.

Mr. Richardson moved to lift the probation for Grady Gilbert, PE030029 and Michael McGuire, PE023085 and restore the licenses to active status. Both have met all requirements of the probationary period. Mr. Chastain seconded. Motion carried.

### **Board Memo Comity Model Law Applicants:**

Applicants for registration as Professional Engineers by comity, who have an ABET engineering degree, who have taken and passed an 8-hour fundamentals of engineering (EIT/FE) exam, who have a minimum of 48 months post graduation engineering experience as determined by a staff evaluation using the present Board guidelines, who have taken and passed an 8-hour principles and practice of engineering exam (PE Exam-taken at least 4 years after BS degree), and who comply in every way with the provisions of the appropriate law are as follows:

Motion was made by Mr. Dean to approve these applicants for PE registration by comity @ 43-15-16(a), via 43-15-8(1) and 43-15-9(1). The motion was seconded by Mr. Evans. The motion carried.

### **Regular Applicants for Certification as Engineers-In-Training by Exam:**

Applicants for certification as Engineers-in-Training by examination whose degrees were earned in engineering or engineering technology programs which attained ABET/CAB accreditation within two years of their having received their degrees, who have filed with the Board five acceptable references, who have had no convictions for moral turpitude or substantive reasons, and who comply in every way with the provisions of the appropriate law(s), are as follows:

Degefu, Abraham Shiferaw  
Williams, Milburn Jay

Iscimen, Mehmet

Lashley, Douglas Dewayne, Jr.

Motion was made by Mr. Dean to approve these applicants for EIT certification @ 43-15-8(1) or 43-15-8(2). The motion was seconded by Mr. Richards. The motion carried.

### **Senior Applicants for certification as Engineers-in-Training by examination:**

Applicants for certification as Engineers-in-Training by examination who are currently enrolled as seniors in ABET approved programs in schools, colleges or universities in Georgia, who have filed with the Board five acceptable references, who have had no convictions for moral turpitude or other substantive reasons, and in every way comply with the provisions of the appropriate law(s) are as follows:
